Jeff Robinson Speaks Regarding the Benefits of Certification for Safety Professionals to ASSE

DULUTH, GA – November 6, 2007 – Jeff Robinson, P.E., CSP, was a featured speaker at the October meeting of the American Society of Safety Engineers (ASSE) Atlanta Chapter. Mr. Robinson is the Manager of Safety & Health Services with Harrington Group, Inc., a Fire Protection and Safety & Health engineering consulting firm headquartered in Duluth, GA. He earned his BS in Fire Protection Engineering from the University of Maryland in 1993 and is also the President of the Board of Certified Safety Professionals (BCSP).

Mr. Robinson's presentation was titled, Moving Forward with BCSP and the Benefits of Certification and described the Certified Safety Professional (CSP) process in detail. It also addressed the importance of certification for those involved in the safety profession. Mr. Robinson's presentation stressed that those safety professionals choosing to become a CSP achieve a recognized benchmark of professionalism, as well as increase their own possibilities of career advancement.

Harrington Group, Inc. is a Fire Protection and Safety & Health consulting engineering firm based in Atlanta, GA, with an additional office in Charlotte, NC. The firm is dedicated to providing its clients with creative solutions, while optimizing the relationship between cost and benefits. Established in 1986, the firm has grown to become one of the most experienced and respected practices headquartered in the southeast.
